

Client

Private Residence.
Auckland North Shore.

Project requirements

Provide security for raised deck
Allow clear view to lake and scenery
Clean unobtrusive lines, installed to building code requirements
Cedar timber top rail, clear glass panels.

Warner recommendation

Balustrade panels in Aluma Décor Glazed, clear toughened safety glass,
Turned cedar top handrail
Warner Classic side gate at pathway beside deck
Powdercoat finish to match existing house joinery.

Installation

Combination of top mounted posts into timber decking and side mounted posts bracketed into solid concrete, allowing a continuous top rail look.
Stainless steel fixings. Pathway gate custom built to suit limited space.

Outcome

A stylish looking balustrade which is building code compliant.
Another client most satisfied with the whole look and quality of workmanship.
